بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

**To: [ whom it my concern ]**

Ariana Afghan Airlines, the national carrier of Afghanistan, has been serving as the country's primary airline since its establishment in 1955. With a commitment to safety, reliability, and customer satisfaction, Ariana operates domestic and international flights, connecting Afghanistan to key global destinations.

As part of our inventory management strategy, Ariana Afghan Airlines has decided to sell surplus inventory parts. Interested buyers are invited to review the details provided in the Request for Proposal (RFP) and submit their best offer. Please carefully read the RFP document for a complete list of available parts and relevant terms and conditions.

### **Procedure for Submission and Evaluation**

1. Bidders are required to submit their offers either in the provided RFP format or in their own format, ensuring all necessary details are included before the RFP closing date.
2. After submission, vendors must wait until the scheduled RFP evaluation date. No offers will be reviewed before this date except any AOG case.
3. If a bidder is selected as the winner, they will receive a formal confirmation letter from Ariana Afghan Airlines.
4. Upon receiving the confirmation letter, the winning bidder must make the full payment in advance as per the details provided in the invoice.
5. All the parts are FOB Kabul International Airport. The shipment of purchased parts will be the responsibility of the bidder. However, if required, Ariana Afghan Airlines can arrange the shipment at an additional cost, which will be charged separately.

**The Supplier should sign and stamp all RFP's pages.**

Signature of official authorised to receive to RFP

Print name and designation of official
